African American Ministries Coordinator

Presbyterian Church in America
Mission to North America

Vision

That God, by His grace and for His glory, will ignite an indigenous, reformed movement in the African American community that is Biblically based, Gospel illuminated, Grace oriented, and Spirit filled, resulting in increasing numbers of people coming to faith in Jesus Christ and a modern day reformation of faith and hope.

Mission

Recruit and train African American leaders for the PCA.

Educate and inform pastors, churches, and presbyteries who wish to minister among people in the changing cultures of North America.

Assess and evaluate church planting scenarios.

Coach and equip African American pastors and leaders in the PCA.

Help and encourage pastors and churches involved in cross-cultural ministries.

Goals

- Increase the numbers of African Americans being trained at theologically reformed seminaries.
- Create Internships/Apprenticeships at PCA and reformed churches.
- Find ministry opportunities in PCA churches for African American leaders and seminary graduates.
- Plant PCA churches and develop ministries that share in the vision.
- Start college campus ministries with a special focus on historically black colleges and universities.
- Help PCA churches interested in becoming more accessible to other cultures and ethnic groups.
- Help raise funds for leadership development and church planting.
