“And He made from one man every nation of mankind to live on all the face of the earth, having determined allotted periods and the boundaries of their dwelling place, that they should seek God, in the hope that they might feel their way toward Him and find Him. Yet He is actually not far from each one of us.” (Acts 17:26-27)

Why the PCA Seeks a Stronger African American Presence

Through the evangelistic efforts of our churches, the PCA is committed to reaching the multitudes for Jesus Christ and enfolded people of every ethnic group. We desire that the PCA more clearly reflect the passage in Revelation, “a great multitude that no one could count, from every nation, tribe, people, and language standing before the throne and in front of the Lamb.” African Americans are a key segment of this great multitude, yet they are not well represented in the PCA. Of the more than 3,500 PCA pastors, less than 1% are African American. MNA African American Ministries intends to grow our numbers and to plant a steadily increasing number of PCA churches with the ultimate goal of changing lives, reviving communities, and transforming culture.

Vision

That Jesus Christ, by His grace and power, will ignite an indigenous, biblically based, Gospel illuminated, Spirit-filled movement in the African American community that impacts North America to the glory of God the Father.

African American Ministries Coordinator

The African American Ministries Coordinator’s chief aim is to facilitate the planting of new PCA churches led by African Americans throughout North America, as well as to encourage African Americans to prepare for leadership in the PCA.

Goals

- Increase the numbers of African Americans being trained at theologically reformed seminaries.
- Create Internships/Apprenticeships at PCA and reformed churches.
- Find ministry opportunities in PCA churches for African American leaders and seminary graduates.
- Plant PCA churches and develop ministries that share in the vision.
- Start college campus ministries with a special focus on historically black colleges and universities.
- Help PCA churches interested in becoming more accessible to other cultures and ethnic groups.

Mission

- **Recruit** and train African American leaders for the PCA.
- **Educate** and inform pastors, churches, and presbyteries who wish to minister among people in the changing cultures of North America.
- **Assess** and evaluate church planting scenarios.
- **Coach** and equip African American pastors and leaders in the PCA.
- **Help** and encourage pastors and churches involved in cross-cultural ministries.

We Invite Your Participation
