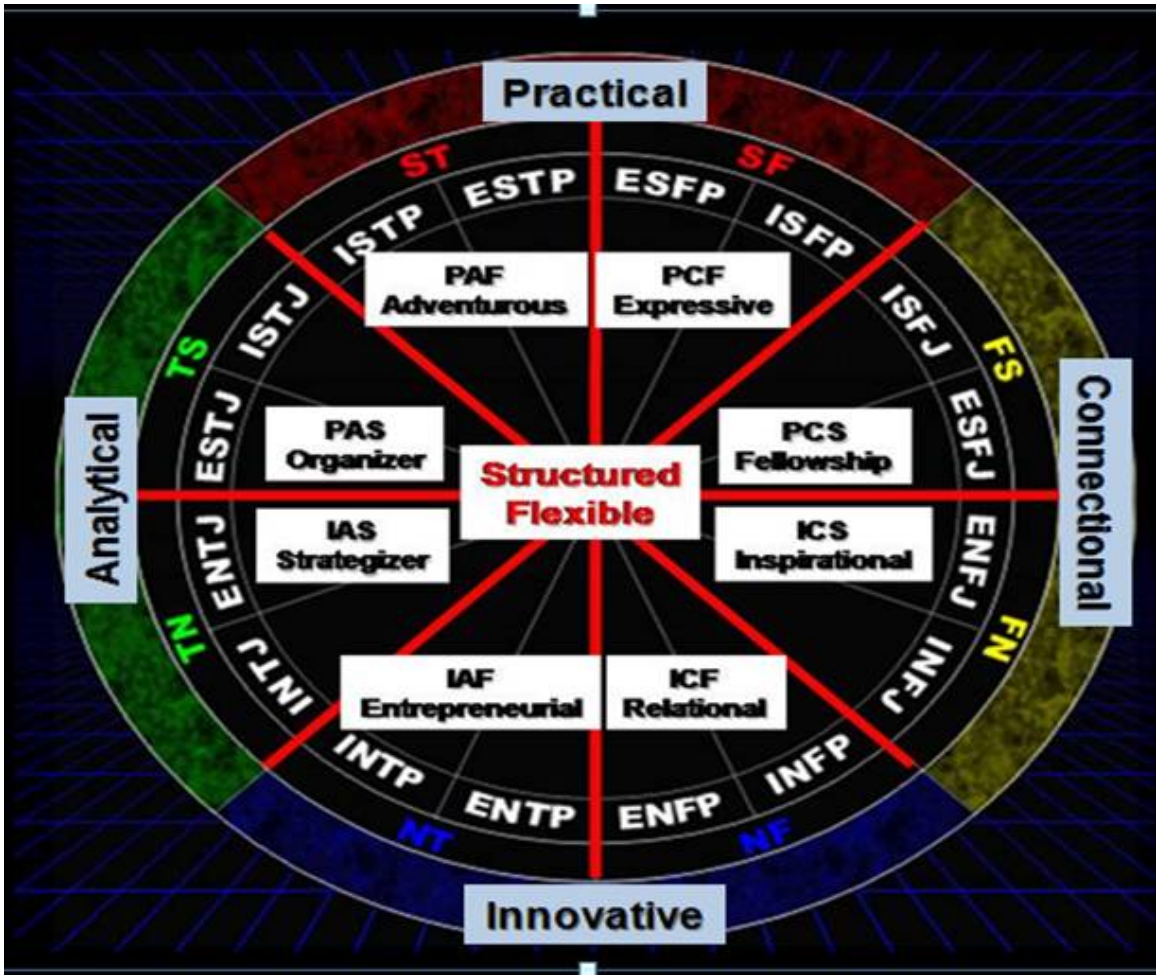
What is Your Church's Personality?

What are your expectations as to the style of the congregation?


A wide variety of styles is possible among any social demographic. Covenant Theological Seminary Church Planting Professor Phil Douglass has identified eight typical styles; most churches will reflect one of these more than others. Each style of church calls for a pastor/church planter of that style: expressive; fellowship; inspirational; relational; entrepreneurial; strategizer; organizer; and adventurous. The Myers-Briggs chart, as Phil adapts it here, will give an impression of the various potential styles of church planting leadership and resulting churches. A good site that gives a comprehensive definition of the Myers-Briggs Temperament Inventory: http://www.teamtechnology.co.uk/tt/t-articl/mb-simpl.htm.
