

mna church planting

CHURCH PLANTERS, MAY WE HAVE YOUR ATTENTION PLEASE?

MNA ShortTerm Missions stands ready to assist you with manpower, resources, new perspective, and partnerships in the gospel.

IT IS AS SIMPLE AS THIS: *You contact us and let us know what you need and when you need it. We will assist you by putting this information, including specific information about your church plant on the MNA ShortTerm Missions webpage. Through our website we get the word out about your site and your project in order to solicit volunteers. We will further assist in helping facilitate the assignment of volunteer teams to your project.*

Short term mission teams provide for you as a church planter the needed manpower to assist you in your work of bringing the gospel to your community. The teams can also provide a new perspective on ministry to help encourage you in your work, as well as help provide resources to accomplish your vision for building the church in your community. The partnerships that are developed through the service of the short term volunteers often lead to a longer-term of connection and service.

At your request and direction, short term teams can be utilized for outreach events, door-to-door work, surveys, light maintenance and construction, worship leading, music, and start-up ministries through VBS, sports camps, summer reading programs, and in many cases specialized workshops and seminars such as financial literacy, evangelism training, officer training, parenting, marriage and family, etc. based on the needs in your specific community and your vision for the development of your church. The short term volunteer teams provides the means to accomplish things you have considered and desired to do, but were short-handed in manpower to take on.

mna ShortTerm missions
