Introduction

This book contains devotions for 34 scripture verses or passages. The devotions are designed for beginning English language learners. Since the targeted students know little English, the devotions suggest using a variety of visuals as well as gesturing and miming to communicate ideas.

These devotions may be adapted for students who have more advanced English skills. You may rely less on visuals and gesturing for these students and engage in more conversation about the message in the verses.

Having a Bible on hand as you lead each devotion reminds students that the verses are from the Bible. A Bible is only listed as a required material in devotions in which you will actually the Bible as a prop to communicate an idea.

May you and your students be blessed by God’s Word!

“So will My word be which goes forth from My mouth; It will not return to Me empty, Without accomplishing what I desire, And without succeeding in the matter for which I sent it.” Isaiah 55:11
