Welcome, friends. We are glad you joined us at a collaborative Mission to North America and Reformed Theological Seminary-Charlotte Planting Summit. We have been praying for months for this time to come and hope this week will be fruitful for you and the Kingdom of God. We appreciate your attendance, your voice, your sacrifice to serve King Jesus, and look forward with eager anticipation to what He might do among us in the next couple of days as well as the time to come.

We are here because we believe that church planting is the single most effective way to reach non-Christians for Christ. We would like to see the PCA engage in church planting and church vitality in a way that becomes a movement that sweeps across all the various peoples of the United States and Canada.

# A Guide on how to participate in the Summit

We've been saying all along that this is not a conference but a summit. The distinguishing mark of a summit is that we are looking to have real dialogue and discussion around church planting and collaboration. We are excited to hear your thoughts and to have you engage with one another during our time together.

## Goals

**Cross-pollination:** Exchange innovative church planting solutions, strategies, or insights that inspire others to adopt similar approaches.

Evidence of fruitfulness: Leaders implement ideas they learned from others.

**Collaboration:** Facilitate opportunities for experienced leaders to pool their knowledge, skills, and resources in order to support each others' church-planting initiatives.

Evidence of fruitfulness: Increase of leaders working together toward shared objectives.

## Format of Table Groups

Everyone will be assigned to a Table Group. These groups will be arranged in three tracks: church, presbytery, or network, with specialized affinities for each track. Presenters will give a 15 minute talk. Table Groups will discuss what was presented, ask questions of the presenter, and offer insights from their own unique perspective.

## Table Group Questions

1. From what I heard presented, how might this impact what me or my team is considering?
  - As a church planting church, or...
  - As a presbytery planting churches, or...
  - As a network...as applicable
2. When filtered through the grid of our specific interest, how might our plans add value to the work teams like this who presented?
3. How might we see these plans extend the kingdom in a way that cultivates belonging among people of various cultures, socioeconomics, gender, race, and nationalities?

## CHURCH PLANTING TAKES A TEAM

Women on church planting teams (including wives) typically lack access to supportive resources. They can often feel overworked, burdened, and confused. This results in burnout and resentment which can lower the plant's impact.

Parakaleo offers gospel refreshment, builds resilience in women, and helps them feel less alone in church planting. Their transformation spills over into the lives of others in the plant, resulting in a gospel-relating culture and longevity in ministry.

Healthy church planting teams are more likely to produce fruitful churches that last.

### JOURNEY TO RESILIENCE MODULES

Interactive experiences that address church planting challenges. Each module is delivered over four 2-hour sessions, focused on one of the following themes: perspective, identity, community, and roles.

### ALONGSIDE GROUPS

Year-long guided communities led by trained, empathetic leaders for restoration and renewal. Participants gain six practical tools and new relationships with four to six women who understand their unique context.

## CHARLOTTE MCKNIGHT

Life in ministry, especially in church planting has pulled me in a thousand different directions. Sitting with Parakaleo's materials with others has helped me to remember who I am and whose I am, which frees me to rest and trust God more.

# Helping people meet Jesus in the pages of Scripture

We believe the best way for people to discover answers about the good news of Jesus is by opening the Bible together. Our materials focus on helping people meet Jesus in the pages of Scripture so they can see for themselves how the Gospel changes everything.

Whether it's one-on-one in a coffee shop, a small group at home or a newcomers class at church, the Explored series is an effective and flexible way to share the good news of Jesus in any context.

You might initially think of military chaplains, but the chaplaincy is much more than that.

It includes those who bring the Light of Christ into all kinds of hospitals, correctional facilities, hospice ministries, retirement communities, police and fire stations, and businesses.

While you are reading this, PRCC chaplains are at work all over the world standing at a bedside, praying with a distraught couple, counseling an anxious Serviceman or woman, officiating at a graveside service, preaching Christ, or leading a Bible study in a faraway place.

# Haitian American Ministry

## GUIDING INDIGENOUS LEADERS IN PLANTING PCA CHURCHES TO SERVE HAITIAN-AMERICANS AND LEAD MANY TO CHRIST

### 90.7% OF THE HAITIAN AMERICAN COMMUNITY IN MIAMI, FLORIDA ARE UNCHURCHED

The PCA is devoted to reaching the multitudes for Jesus Christ, and Haitian Americans are a key segment of this great number.

Continuing an immigration to the US that began in 1957, Haitians are fleeing one of the most overpopulated and poorest countries in the Western Hemisphere. There is a tremendous need to minister to these people and to train leaders for church planting and discipleship in North America.

In addressing this need, a number of indigenous leaders are being prepared, and Haitian movement leaders will guide them in planting a steadily increasing number of PCA churches to serve Haitian-Americans and lead many to Christ.

## **EQUIPPING, ENCOURAGING, AND EMPOWERING THE PCA FOR EFFECTIVE GOSPEL MINISTRY AMONG HISPANICS**

### **Vision**

To see radical individual, family, community, and world-wide transformation as a growing number of PCA churches engage in fulfilling the Great Commission among Hispanics.

### **Mission**

We seek to equip, encourage, and empower the PCA for effective gospel ministry among Hispanics by strengthening local churches (Acts 14:21-23), promoting leadership development (2 Timothy 2:1-2), and facilitating church planting and multiplication (1 Thessalonians 1:4-8).

Following current trends, by 2050 the Hispanic community will reach over 110 million residents in the United States.

MNA Hispanic Ministries sees the demographic changes of our nation as an unprecedented opportunity – orchestrated by God Himself – to continue our commitment to the fulfillment of the Great Commission.

## SEMINARY FOR THE WORKING MAN

In order for the face and heart of the PCA to change in the future to more fully accomplish our passion for the Great Commission and the Great Commandment in the rapidly changing demographic environment of North America, a more effective model was needed for training future ministers of the PCA from a new pool of men who would not ordinarily be able to navigate the traditional system.

LAMP Theological Seminary has embarked on a deliberate and innovative strategy to provide a model for ministerial training.

LAMP Theological Seminary's unique structure allows anyone called to the ministry to earn a Bachelors or Masters of Divinity while serving in ministry, working in a career, raising a family, or whatever situation God has placed them in.

# Cultural Intelligence

DEVELOPING CULTURALLY  
INTELLIGENT CHRISTIAN LEADERS

*Cultural Intelligence is the ability to function effectively across various cultural contexts. -Resilient Ministry*

In order to love our neighbor, we need to know how our neighbor thinks, views the world, and interacts with others. Neighbor love requires us to celebrate the ways we are different and the same.

It also requires us to serve others in ways that are culturally appropriate. We often call this incarnation ministry. This is what Jesus did for us.

Cultural Intelligence helps us:

- Develop an understanding of how other cultures work
- Develop the skills necessary to adapt to other cultures in ways that are appropriate

We are here to help equip you and your church or ministry to develop your cultural intelligence so that you may better care for and serve and deepen relationships with those who are different from you.

### A SECOND CAREER AT ANY TIME

Volunteers of all ages and in all stages of their careers and retirement can use their gifts and skills to further God's Kingdom by serving a diversity of ministry needs.

Our volunteers vary widely in age from 20 on up through retirement.

- Some are solidly in their first career but at the same time use their skills in a second career capacity for ministries in need.
- Other people are between jobs, at home, or of retirement age and have flexible schedules.
- Volunteers with recreational vehicles are discovering the joys of serving with our RV Ministry.

SEEKING RECONCILIATION, HONOR, AND HOPE  
FOR NATIVE AMERICANS AND FIRST NATIONS PEOPLE

*"Native Americans are not unreached people groups; they are mis-reached people."*

After 500 years it is estimated that only 2-5% of Indigenous people profess to be believers.

It is Mission to North America's commitment to build meaningful and strong relationships with our Native American and First Nation brothers and sisters.

We are looking to plant churches in urban, reservation and rural centers that have strong Native populations. We advocate for a call to reconciliation and common story identity among our churches and presbyteries that lead us to a fresh, deeper love and respect for our "First Neighbors."

There are 5,247 Teaching Elders in the PCA. Of that number, less than 10% of TEs are made up of ethnic minorities.

We need a redemptive paradigm shift.

### **An Intentional Effort**

- 1. Target:** We want the church on earth to reflect the glorious diversity of the church in heaven.

- 3. Commission:** Wherever the PCA has raised up minority leadership, we have seen a more diverse harvest of souls actually living around us

REFUGEES AND IMMIGRANTS IN

## Why is MNA Refugee and Immigrant Ministry needed?

- 1 in 4 in North America is either foreign-born or a child of a foreign-born parent.
- The Lord has brought the nations to our neighborhoods for His Sovereign purposes. (Acts 17:26, 27)
- Healthy, sustainable churches are alert to what God is doing and embrace it.
- We can help churches navigate next steps unique to circumstances and opportunities.

## What options are there for your Church to get involved?

- Welcome a refugee family.
- Develop outreach to international students.
- Cultivate ministry to immigrant children in their neighborhood.
- Partner with a local immigrant congregation.
- Partner with immigrant believers to offer a Bible study in another language.
- Global missions/local match
- Befriend immigrant neighbors; welcome them in meaningful ways.

## What next steps can we help your Church take?

- We can share current existing opportunities near you.
- Connect you with other churches actively engaged in or exploring similar ministry.
- Point you to reliable information, resources and training opportunities
- Brainstorm with you about the unique interests, skills and passions of your members that can be ignited in such ministry!
